DETAILED ACTION

1. Applicant's election of claims 1-16 in the reply filed on 11/10/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. This application contains claims 17-40 drawn to an invention nonelected with traverse in Paper 11/10/2005. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 101

The rejection of record has been withdrawn.

Claim Rejections - 35 USC § 112

TIN view of the applicant's remarks that the terms electronic check, digital signatures and the like are well known to those skilled in the art, the rejections under this paragraph has been withdrawn.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-3 rejected under 35 U.S.C. 102(b) based upon a public use or sale of the invention. LaMacchia (of record).

5. The applicant argues that the reference does not teach of specifying a requirement for a check having a predetermined value and to be attached to an electronic mail. The examiner strongly disagrees. The reference teaches one method of reducing email spam would be to require payments attached to the email. One suggested embodiment is that the payment be in the form of electronic cash. For the purposes of this rejection the examiner contends that electronic cash reads on a electronic check. Inherent in the prior art is the fact that that the payment is predetermined. The basis for this inherency is as follows; once the payment is attached it is predetermined.

6. Claims 1-16 rejected under 35 U.S.C. 103(a) as being unpatentable over LaMacchia in view of Doggett et al.

Contrary to the applicant's position in response the 112 2nd rejection directed to electronic checks, in response to the examiner's official notice directed to the business methods of electronic cash transfers, the applicant demands, without any basis, support for this perfunctory check clearing steps found in the dependent claims. Doggett clearly teach electronic check clearing processes. See, columns 7 and 8.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
